Hide and Seek

Paperbelle is brilliant at hide and seek. Cut her out and hide her somewhere in your house or garden. She is so good at hiding that sometimes she leaves clues to help people find her. These clues could be a trail of paper, arrows or maybe colouring pencils.

Paper Clothes

Everything in Paperbelle's world is made of paper, even her clothes. Why not use all different types of paper to make a paper outfit?

(Paperbelle would like to note that paper clothes don't last very long in the rain.)

Paperbelle Props

Paperbelle is a mean guitarist and has discovered lots of cool new things to do since colour has come into her life.

The next page has lots of Paperbelle props you can cut out and use – you have to decide what colour they are though!

We'd love to find out how you get on and even see some pictures...find us on Facebook or tweet us @frozen_c #paperbelle
