Pic: Tom Edson

Real rockstars die aged 27. Ollie Smith is 26. He is not a rockstar. Yet.

Theatre

Balancing on a knife-edge between hilarity and poignancy, and armed with nothing but dry wit and fading dreams, Ollie speculates on his own untimely demise in this darkly-comic solo show, as he struggles to secure his own legend alongside such greats as Jimi Hendrix, Jim Morrison and Amy Winehouse. A raucous romp of rudeness and hilarity that challenges assumptions we all make.

This new romantic comedy written and performed by newly-weds Gareth Berliner (stand-up comedian) and Kiruna Stamell (comedy actress, *Life's Too Short*) gives hope in an age of body fascism, where myths and Hollywood lead us to believe love is only for the traditionally beautiful.
